Carved By Your Hands (feat. Temper Heart)

Sied van Riel

Like life drawn underneath the skin
you tattoo'd your name a cross my heart
Like a life drawn in your fingerprints
and it's burning in to every part
When the rain comes to erode away
What is standing here, what is left of me
I will not be falling I will remain
To remind you so you will always seeCarved by your hands
You made me in to, you made me in to this
Carved by your hands
You made me in to, you made me in to this
I forgive you, I'm not loveless
Even in stone I'm not heartless
Carved by your hands, you made me in to
You made me in to this
