Crucifixx-a-flatt

Zz Top

Ain't gonna no where when your tire is flat
Better get religion, that's where it at, hey
'Cause when it's all blown out, there ain't no doubt
A can on the man what it's all about, hey
'Cause if ya' break down, if ya' break down
Crucifixx-a-flatt gonna get 'cha 'round this town
And that's where ya wanna be
'Cause if ya' break down, if ya' break down
Crucifixx-a-flatt gonna' get 'cha 'round this town
And that's where it's gonna be, hey
A throttle and a bottle, baby I don't care
My canned icon gimme plenty of air, hey
And keep a can in hand or restore your faith
'Cause when ya got your fix you hold the ace, hey
'Cause if ya' break down, if ya' break down
Crucifixx-a-flatt gonna get 'cha 'round this town
And that's where ya wanna be, yeah
'Cause if ya' break down, if ya' break down
Crucifixx-a-flatt gonna' get 'cha 'round this town
And that's where ya got to be babe, hey
You wanna keep it full, you wanna' keep it big
Beats thumbin' a ride, beats bummin' a cig, hey
Just ask for mercy and praise the Lord
Crucifixx-a-flatt that' what it's for, hey
'Cause if ya' break down, if ya' break down
Crucifixx-a-flatt gonna get 'cha 'round this town
And that's where ya wanna be
'Cause if ya' break down, if ya' break down
Crucifixx-a-flatt gonna' get 'cha 'round this town
And that's where ya wanna
Say Z Z, say ya wanna be, hey
