

# After A Storm

## Gentleman

When Jah is at the ship  
We smile at the storm

Life hard and dis ya road it might be ruggy  
But Jah would never send you there from you nuh ready no  
Listen to his voice and hold on steady  
We movin' on and on

[Chorus: x2]

After a storm there must be a calm  
You shoulda never go resign  
Remember seh Jah love already there before you born  
His love is so pure and devine

Just keep that smile up on your face make it an easy day  
Never let dem get you down cause you will make it anyway  
With Jah love ina your heart I'm sure you will never go astray  
And while the sunshine you got to make hay  
Jah Jah a the water to my root the only truth  
Me nuh go stop work and try until me reap the fruit  
And as long as there is no justice man hafi go revolute  
Just tell the children the truth

[Chorus: x2]

Box and kick me and threat me like a toy  
Try your very best to take away me joy  
Yuh nah go see me ina babylon employ  
But i have know jah love from ever since i was a boy  
Galong and give life a try  
Stop your misery and whipe this tears out of your eyes  
We see the reason in the sky  
Come make we put a fire pon the peagon cause them hafi get no bligh

[Chorus: x2]

Life hard and dis ya road it might be ruggy  
But Jah would never send you there from you nuh ready no  
Listen to his voice and hold on steady

We movin' on and on

[Chorus: x2]
