

Shades

Christopher Wilde

No, you can't see me
No, you can't read me
Yeah, I'm on my game
That's right, I'm in my shades See the cameras flashin'
In the party and it's time for action
You're the main attraction
Hey, in my shades Pull up at the spot lookin' hot
Everybody knows
Don't got no stress and my haircut's fresh
So fly in my fancy clothes Yeah, they want to take my picture
Watch out, those lights will get you
And they're calling your name
That's why I'm puttin' on my frames I tell 'em, "Watch me now"
Little mama, how you like me now?
On the dance floor, we can work it out
And bring this whole place down Better stand up, hands up
B-Boy and my stance like and, what?
So get on the floor
Show 'em what you came here for No, you can't see me
No, you can't read me
Yeah, I'm on my game
That's right, I'm in my shades See the cameras flashin'
In the party and it's time for action
You're the main attraction
Hey, in my shades You want to watch me, watch this
And when you watch TV, watch Chris
'Bout to have the whole place jumpin'
Cameras flashin', you know the bass bumpin' Shades on like a rockstar
And I'm bustin' out the best move so far
Feelin' air from the speakers
So, so fresh from my hair to my sneakers Turn the beat up on the radio
I'mma keep my frames on 'til I'm ready, go, go
Goin' gone I is
You ain't never ever heard a song like this If you ain't know, better get some ideas
Maybe if you should holla at your boy right here
And if the girl want to get crazy
You can find me in my shades No, you can't see me
No, you can't read me
Yeah, I'm on my game

That's right, I'm in my shadesSee the cameras flashin'
In the party and it's time for action
You're the main attraction
Hey, in my petuniasNo, you can't see me
No, you can't read me
Yeah, I'm on my game
That's right, I'm in my shadesSee the cameras flashin'
In the party and it's time for action
You're the main attraction
Hey, in my shades
