

# The Band Broke Up (Intro)

## Without a Face

Well hey everyone  
I am the kid that plays acoustic music  
No drums, no bass  
Without a Face  
Is second rate and out of place Dont give me a chance  
I aint got a band  
Dont give me a chance  
I will understand  
Dont give me a chance  
I aint got a band  
Dont give me a chance  
Im only one manIt didnt take work to write these words  
Time to get a tie, take me to my hearse  
All by myself on my little stage  
Talk amongst yourselves while I just playDont give me a chance  
I aint got a band  
Dont give me a chance  
Dont cha dare dance  
Dont give me a chance  
I aint got a band  
Dont give me a chance  
Oh dont cha clap your handsOh oh oh  
This; it isnt really working out at all  
Not at all  
I said oh oh oh  
This; it isnt really working out at all  
I feel so small since the band broke up before we put an album out  
The band broke up  
I wish I hadnt broke it up now  
Nooooo no noDont give me a chance  
I aint got a band  
Dont give me a chance Papa Roach fans
