

# Come On!

## Wham!

Come on, everybody, get on with your party  
And don't let nobody say you're wrong  
Okay, so you've lost control but they'll never steal your soul  
No way that they're gonna spoil your fun Greedy men in far off places  
Don't be afraid to show your faces  
We know what you've done is wrong  
But clap your hands, and sing along now Don't even bother, to let us know  
When you flick the switch and stop the show  
Because the party has begun  
And we'll still be dancing, as-you-run-now Come on, everybody, get on with your party  
And don't let nobody say you're wrong  
Okay, so you've lost control but they'll never steal your soul  
No way that they're gonna spoil your fun Oh no, don't think that I'm not scared  
Oh no, don't think that I'm prepared  
I just take each day as it comes  
Because it may, it may, it may be the last one I know they don't care about me  
I ain't got no money, ain't a V.I.P.  
And I know they don't care about you  
You may as well enjoy your life like I do Come on, everybody, get on with your party  
And don't let nobody say you're wrong  
Okay, so you've lost control but they'll never steal your soul  
No way that they're gonna spoil your fun Come on, everybody, get on with your party  
And don't let nobody say you're wrong  
Okay, so you've lost control but they'll never steal your soul  
No way that they're gonna spoil your fun, fun Come on, everybody, get on with your party  
And don't let nobody say you're wrong  
Okay, so you've lost control but they'll never steal your soul  
No way that they're gonna spoil your fun
