

Light The Fuse

Phone Calls From Home

With my lungs filled deep
One last chance to breathe
The timing was right
I waited all night for them to leave I'll move in close
Try to make you smile
With charming lines I'll steal your time for a while I'll tell the truth
I'm scared to death right now
But I'll light the fuse
'Cuz I'm a fire that burns for you (whoa)
There's just something about her
There's nothing without her here (whoa)
I'm a fire that burns to light the sky
A beauty to match your eyes look up at the stars
They're shining bright for you tonight
We'll dance to shake the cold
And while I'm holding you close
I'll touch my lips to yours
And feel our love unfold I'll tell the truth
I can't live without you here
I'll light the fuse
I'm a fire that burns for you (Whoa) There's just something about her
There's nothing without her here (whoa)
I'm a fire that burns for you (whoa)
I just can't stop thinking about her
I can't live without her here
(whoa) Even though it's only been one night
It somehow feels just like
I've known you for all my life I'll tell the truth
I can't live without you here
I'll light the fuse
I'm a fire that burns for you (Whoa) There's just something about her
There's nothing without her here (whoa)
I'm a fire that burns for you (whoa)
I can't stop thinking about her
I can't live without her here (whoa) I'm a fire that burns for you. I'm a fire that burns for you. I'm a fire that burns
for you. I'm a fire that burns for you.
