

You Can't Be Missed If You Never Go Away

Cobra Starship

I was buried alive
I came back to haunt you
Are you dying to believe
I can't go on without you? All we are is too fast for love We're too young, I hate to love you
The night sky hanging out to
But you can't be missed
If you never go away It's the end of a broken heart
I went on without you
I was lost from the start
I did what I had to All we are is too fast for love We're too young, I hate to love you
The night sky hanging out to
But you can't be missed
If you never go away You don't know what I've seen
You can see that I've been damaged without you
And I don't know where you've been
And I can wash your sins away We're too young, I hate to love you
The night sky hanging out to
But you can't be missed
If you never go away It's the end of a broken heart
It's the end of a broken heart
It's the end of a broken heart
It's the end of a broken heart
