Struggle

Nonpoint

Con Fuerza Boriqua Strugglin goin through the motions Day in day out Another commotion Backstabbed don't know how to stop A friend is only a dollar in a pocket Won't let you Chase the dream that I had since I was Just a little chico in my teens Now you're gone and I'm doin fine And you are since you went to Can you see the tears? Can you see the pain? Do you see the hate that I have today? Can you see the tears? Can you see the pain? Do you see the hate that I have? From demention To depression This is the anger we generate From demention To depression This is my anger It's time for me To live the dream And to release my anger It's time for me To live the dream And to release my anger Strugglin goin through the motions Day in day out Another commotion Backstabbed don't know how to stop A friend is only a dollar in a pocket Won't let you Chase the dream that I had since I was Just a little chico in my teens Now you're gone and I'm doin fine

And you are since you went to

Can you see the tears?

Can you see the pain?

Do you see the hate that I have today?

Can you see the tears?

Can you see the pain?

Do you see the hate that I have?

From demention

To depression

This is the anger we generate

From demention

To depression

This is my anger

It's time for me

To live the dream

And to release my anger

It's time for me

To live the dream

And to release my anger

And whether you or me or him

Ever really thought that I would make it

Never really took another second

To reply to all the letters

Sent all the people asking me

To be president

And whether you or me or him

Ever really thought that I would make it

Never really took another second

To reply to all the letters

Sent all the people asking me

To be president 180 Degree turn

You never learned your lesson

Your mistakes that

Cause and effect the brainiack

Acting like you're a punk 180 Degree turn

You never learned your lesson

Your mistakes that

Cause and effect the brainiack

Acting like you're a pun

Stabbed your back

It's time for me

To live the dream

And to release my anger

It's time for me

To live the dream

And to release my anger
