

# Toe To Toe

## Barenaked Ladies

I'm convinced that I am stronger when standing in one place  
Just sometimes I don't have the choice There are instances when I no longer see your face  
But I can plainly hear your voice So we go  
Toe to toe  
Never knowing what our cards were Even though  
Blow by blow  
We can not let down our guard We should know  
That if we show  
Just a small amount of kindness Then we won't go  
Toe to toe  
Anymore Love's a gamble  
They say you can win the lottery  
It depends on what you bet There's a body of water  
Dividing you and me  
I'm not afraid of getting wet So we go  
Toe to toe  
Never knowing what our cards were Even though  
Blow by blow  
We can not let down our guard We should know  
That if we show  
Just a small amount of kindness Then we won't go  
Toe to toe  
Anymore More than half a life away  
It's gotta amount to something We're still standing here today  
It's not a hit and run thing  
It's gotta count for something So we go  
Toe to toe  
Never knowing what our cards were Even though  
Blow by blow  
We can not let down our guard We should know  
That if we show  
Just a small amount of kindness Then we won't go  
Toe to toe  
Anymore Yeah, we won't go  
Toe to toe  
Anymore We won't go  
Toe to toe  
Anymore
