Oooohh yeah,

we gettin wickedand wild,
for real,

[Verse 1]
Baby,
We been,
Talkin,
For a while,
and i,
Must say,
That i,
Dig your style,
No other,

Made me,
Feel this way,
Thats why,
Why i,
I need to,
Know today

Chorus:
What i Gotta do Girl,
For me to be with you girl,
What i Gotta do Girl,
For you to take a chance with me,

What i Gotta do Girl,
For me to be with you girl,
What i Gotta do Girl,
For you to take a chance with me,
Yeah yeah
For you to take a chance with me,
Yeah yeah

[Verse2]

a love like,
you never,
had before,
i'll give you,
all i,
i can and,
so much more,
girl no more cryin,
girl dry your,
your eyes,
i'll keep you,
smilin,
just give me,
a try,

Chorus:

[Rap]

this right here is way more than fantasy,
it's more real then real can be,
just take my hand girl and i will lead,
baby girl, baby girl,
can't you see,
all you need is right here in me,
