Glass Angel (The Equalateral Mix)

[Erasure](#)

Come on angel
You're in danger
Give me a sign now
Show me the way
We gotta do it now
Oh we gotta do it nowCome on angel
Times are strange
And I need a life
And you are the one
Who can show me how
We gotta do it nowOoh and the light that you're sending me down
In the name of falling shadow-land
Our love is real
And ooh, when you're deep inside
You can persuade me love
Our love is real
Hold me nowCome on angel
You're in danger
Give me a sign now
Show me the way
We gotta do it now
Oh we gotta do it nowOoh by the time that you're landing alone
And you're losing control where you lay your love
You lay your love
And ooh, when you're deep inside
You can persuade me love
Show me how
Show me how
Show me howWe gotta reach for the stars
We gotta reach for the love
We gotta reach for it all
We gotta reachOoh and the light that you're sending me down
In the name of falling shadow-land
Our love is real
And ooh, when you're deep inside
You can persuade me love
Show my how
Hold me now
Hold me now

We gotta do it now ohTalk with me
