Girl, you're murder
Boy, you're murder
M U R D E R, you are
Girl, you're murder
Boy, you're murderThat girl is murder, she's a 187
Her looks are her weapon
Eh, oh, eh, oh, eh, oh
That boy is murder, he's a 187
No other man can step to him
Eh, oh, eh, oh, eh, ohYo, oh, there's this girl I know, she's so incredible
Talking that type that make a man wanna sell his soul
Treat her just like a queen, make you give up everything
This girl is murdering meStep one, erase all the girls on my phone
Two, give up everything that I own
Three, don't even see my boys no more
No, no, no, no, noFour, got me doing dishes with my apron on
Five, sending mixtapes with my favorite songs
Six, somebody tell me what's goin' on
Man, I don't knowThat girl is murder, she's a 187
Her looks are her weapon
Eh, oh, eh, oh, eh, oh
That boy is murder, he's a 187
No other man can step to him
Eh, oh, eh, oh, eh, ohM U R D E R, you are
Girl, you're murder
Boy, you're murder
No, no, no, no, noHe's the reason that I'm in this place
That I swore I'd never be
And the way that I'm acting 'round
My girls hittin' on meNow I don't care what my daddy said
And that's what's killing me
Even though, there just tryna save me
But I don't need that anymoreThat girl is murder, she's a 187
Her looks are her weapon

Eh, oh, eh, oh, eh, oh
That boy is murder, he's a 187
No other man can step to him
Eh, oh, eh, oh, eh, ohBoy, I don't know, this is unusual
How you got me chasing you
Not keeping my average but the chemistry's automatic
Slowly I'm losing myself but I don't want no help
We're meant to be with murderersThat girl is murder, she's a 187
Her looks are her weapon
Eh, oh, eh, oh, eh, oh
That boy is murder, he's a 187
No other man can step to him
Eh, oh, eh, oh, eh, ohM U R D E R, you are
Baby girl, you're murder
Boy, you're murder
Baby don't you know you're
M U R D E R, you are
Girl, you're murder
Boy, you're murderYou should really know you're
And I don't know why I put up with you
'Cause you're murder, baby
You're murder, baby
'Cause you're murder, lady
Oh, you're murder boy, yeah
Murder, murder, that's what you are
