

She's so Untouchable

Garden City Movement

1]

And It's your favorite foreign movie

The one that makes you cry

Saving all your tears for under

Careless burning sky[Pre-

And even though they don't show, the scars are not that old

And even so you won't know, some things better left untoldShe's so untouchable

You're so untouchable

She's so untouchable

You're so untouchable

And in your favorite foreign movie

The one that left the eye un-dry

Cause they'll always try to chase you

She's never found out why[Pre-

And even though they don't show, the scars are not so old

And really soon you'll find that, some things are better left untoldShe's so untouchable

You're so untouchable

She's so untouchable

You're so untouchableWe're never feel so safe again

Try to see through the [?], there is no other way to know

And there never was

She's so untouchable

You're so untouchable

She's so untouchable

You're so untouchable

She's so untouchable

You're so untouchable

She's so untouchable

You're so untouchable
