

For What It's Worth

Placebo

The end of the century
I said my goodbyes for what it's worth
I always aimed to please but I nearly died For what it's worth come on lay with me
'Cause I'm on fire for what it's worth
I tear the sun in three to light up your eyes For what it's worth
For what it's worth
For what it's worth
For what it's worth Broke up the family
Everybody cried for what it's worth
I have a slow disease that sucked me dry For what it's worth come on walk with me
Into the rising tide for what it's worth
Filled a cavity, your God-shaped hole tonight For what it's worth
For what it's worth
For what it's worth
For what it's worth For what it's worth
For what it's worth
For what it's worth
For what it's worth No one cares when you're out on the street
Picking up the pieces to make ends meet
No one cares when you're down in the gutter
Got no friends, got no lover No one cares when you're out on the street
Picking up the pieces to make ends meet
No one cares when you're down in the gutter
Got no friends, got no lover For what it's worth, got no lover
For what it's worth, got no lover
For what it's worth, got no lover
For what it's worth, got no lover For what it's worth, got no lover
For what it's worth, got no lover
For what it's worth, got no lover
Got no friends, got no lover
