

Rainy Day Woman

[Waylon Jennings](#)

Oh rainy day woman, I've never seem to see you
For the good times or the sunshine
You have been a friend of mine, rainy day woman That woman of mine she ain't happy
Unless she finds something wrong and has someone to blame
If it ain't one thing it's another one on the way I woke up this morning to the sunshine
It sure as hell looks just like rain
I know where to go on a cloudy day Oh rainy day woman, I've never seem to see you
For the good times or the sunshine
You have been a friend of mine, rainy day woman, yeah Oh rainy day woman, I've never seem to see you
For the good times or the sunshine
You have been a friend of mine, rainy day woman
