

Finally Home

Jeremy Camp

I will be dancing free
Unashamed before my King
When I am finally home
Won't need no bed to sleep
I have too much to see
Just staring at Your throne
Eyes will fill with tears of joy
Your fullness, I will know
I will be forever running free
Moving to all Heaven's melodies
Colors that I've never seen
Bigger than my wildest dreams
We'll be together
When I'm finally home
Head first into Your love
I'll never get enough of
What You have to show
And that's just the beginning
In Your river I'll be swimming
And the waters never cold
Every tribe and every nation
Shouting out Your name
I will be forever running free
Moving to all Heaven's melodies
Colors that I've never seen
Bigger than my wildest dreams
We'll be together
When I'm finally home
You and I will be together
With a love that lasts forever
And I know there's nothing better
We will be forever running free
We will be forever running free
Moving to all Heaven's melodies
Colors that we've never seen
Bigger than our wildest dreams
We'll be together
When we'll finally home
