

# I Like Goils

## Type O Negative

Come on, Forget the jar of Vaseline  
Hey rich-bitch boy I'm not gonna be your queen and yeah  
You can drool, beg me and hope  
There's no damn way I'm playing drop the soap, ok  
I know I'm strange but I ain't no queer  
So take your rage and disappear  
But I'm proud not to be PC 'cause I like goils  
I like goils  
I like goils  
Bad goils all over this world Now I don't know whose ass you've licked  
No shit-tongued boy will ever taste my dick  
He says "How 'bout no sex, we'll just be friends"  
Hey no thanks Pal, I'll stick with lesbians, you're right!  
A sexist pig, I guess it's true  
I hate all men including you  
I don't care what you think of me 'cause I like goils  
I like goils  
I like goils  
Bad goils all over this world I'm quite flattered that you think I'm cute  
But I don't deal well with compacted poop, so look  
If my views make you annoyed  
You're just jealous I don't have hemorrhoids, so now  
To make it clear that you can't bone me  
My tattooed ass reads "Exit only"  
I don't care much for sodomy 'cause I like goils  
I like goils  
I like goils  
Bad goils all over this world I like goils  
I like goils  
I like goils  
Bad goils all over this world
