Woman Like Me (feat. Nicki Minaj)

Little Mix

[Verse 1]
I always say what I'm feeling
I-I was born without a zip on my mouth
Sometimes I don't even mean it
It takes a little while to figure me out[Verse 2]
Yeah I like my coffee with two sugars in it
Nike shoes and my hoodie fitted
Feeling always had my hair tied up
(hey hey hey)
Insecure but I won't admit it
Many things that I could get rid of
Don't know how to give it up
[Pre-Chorus: Jade Thirlwall & Perrie Edwards]
I made a few mistakes I regret it nightly
I broke a couple hearts that I wear on my sleeve
But I always take all your trouble and
Now I wonder, could you fall for a woman like me
Every time we touch, oh you make me feel weak
I can tell you're shy and I think it's so sweet
Spending every night under covers and
Now I wonder, could you fall for a woman like me(A woman)[Chorus: All]
Woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me
[Verse 3]
Baby, just be mine for the weekend
We can get a takeaway and sit on the couch
We could just go out for the e-evening
Hopefully end up with you kissing me now[Verse 4]
You got them blue jeans with the rip up in 'em
My hair with your fingers in it
Love it when you turn me on
Love drunk in a little bit of it
Love drunk in the middle with it
Get down to our favourite song[Pre-Chorus: Jade Thirlwall & Perrie Edwards]
I made a few mistakes I regret it nightly
I broke a couple hearts that I wear on my sleeve
But I always take all your trouble and

Now I wonder, could you fall for a woman like me
Every time we touch, oh you make me feel weak
I can tell you're shy and I think it's so sweet
Spending every night under covers and
Now I wonder, could you fall for a woman like me(A woman)[Chorus - All]
Woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me[Bridge]
I've been sitting here waiting, I've been waiting on you
I've been sitting here waiting, on and on and on and on[Verse: Nicki Minaj]
Baddies to my left & to the right a little scarier[Chorus]
Woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me[Pre-Chorus: Jade Thirlwall & Perrie Edwards]
I made a few mistakes I regret it nightly
I broke a couple hearts that I wear on my sleeve
But I always take all your trouble and
Now I wonder, could you fall for a woman like me
Every time we touch, oh you make me feel weak
I can tell you're shy and I think it's so sweet
Spending every night under covers and
Now I wonder, could you fall for a woman like me[Chorus]
Woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me(A woman)
