

# Step Down

## No Tide

Step down

Come onIn the underground, integrity lies within  
In the underground, the image doesn't mean a thing

When the substance lack, plain for all to see

If the deal is right then respect is where it should be

It should be, it should be, it should be, rightFor the fakes and frauds it's a fucking fashion show

Total compromise will have them sell their soul

All the negative, all the useless influence

All the emptiness, all the violent detriment

Makes no sense, makes no sense, makes no sense, noPlease have more, more to give, more to give

Fashion and images, images

Please have more, more to give, more to give

Than fashion and images, imagesCaught up in a trap of media crap, God, that's no way to live

Caught up in a trap of media crap so little to give

Caught up in a trap of media crap that's no way to live

Caught up in a trap of media crap so little to give

Let's go, nice and loudIn the underground, integrity lies within

In the underground, image doesn't mean a thing

We can do away with this negativity

It's a golden day, we can force them to step down

Step down, step down

Get down mother fuckerFuck it
