

# You & I (Wood & Wires)

## Local Natives

You and I, we were always strong  
It was enough to keep me on  
Believe me. And I woke up with my green eyes blue  
And all I think about is you  
And it feels When did your love,  
When did your love go cold?  
The closer I get, the farther I have to go  
To places we don't know  
To places we don't know  
To places we don't know  
To places we don't know In all this light, all I feel is dark  
Had the sun without its warmth  
I'm freezing
