

# Bad Days (Aurally Excited Version)

## The Flaming Lips

You're sorta stuck where you are  
But in your dreams  
You can buy expensive cars  
Or live on Mars and have it your way And you hate your boss at your job  
Well in your dreams  
You can blow his head off  
In your dreams, show no mercy And all your bad days will end  
And all your bad days will end  
You have to sleep late when you can  
And all your bad days will end And all your bad days will end  
And all your bad days will end  
You have to sleep late when you can  
And all your bad days will end
