Watch Me Bleed

Slapshot

I've never been fucked up before
But I'm more fucked up than you'll ever dream
Paranoid and insecure
With no escape from all this pain I feelWatch me bleed
Watch me bleed
Watch me bleed
Watch me bleedSeems now no one hears my cries
I fail at everything I try
Nothing ever comes out right
And I haven't got the will to fightWatch me bleed
Watch me bleed
Watch me bleed
Watch me bleedI don't want your sympathy
Love is what is killing me
I don't want your sympathy
Never thought I'd break freeWatch me bleed
Watch me bleed
Watch me bleed
Watch me bleedI've never been fucked up before
But I'm more fucked up than you'll ever dream
Paranoid and insecure
With no escape from all this pain I feel
