I didn't know this about you
You left me
When our hands grew cold
We just froze up
I'm closing my eyes right now
I'm rewinding you again
Then you're disappearing
Rewind Rewind Rewind
The more you go backwards
The more beautiful it is
Rewind Rewind Rewind
I wanna stay there
But I know it's too late
Answer me
Are you gonna keep suffocating me?
I tell myself that this is wrong
But I can't hear it
I'm closing my eyes right now
I'm rewinding you again
Then you're disappearing

Rewind Rewind Rewind
The more you go backwards
The more beautiful it is
Rewind Rewind Rewind
I wanna stay there
But I know it's too late
We forgot about the little things that made us happy
I want to erase that big mistake
Before you left me, back when we were happy
Even if I lose myself now okay
Before the ending credit
Let's film this movie from the beginning
End the match, you're enough for me
If we can't laugh, the result is obvious
Edit Edit Edit, back to the first scene
Let it Let it be, no rewind it
Cut out all the bad things, fill it up somehow
Only you can fill me up
If it can't be beautiful, burn it all up
Rewind Rewind Rewind
The more you go backwards
The more beautiful it is
Rewind Rewind Rewind
I wanna stay there
But I know it's too late
