[Verse 1]

A sound of something breaking
I awake from sleep
A sound full of unfamiliarity
Try to cover my ears but can't go to sleep[Pre-Chorus]
The pain in my throat gets worse
Try to cover it
I don't have a voice
Today I hear that sound again[Chorus]
It's ringing again, that sound
A crack again on this frozen lake
I dumped myself into the lake
I buried my voice for you
Over the winter lake I was thrown[Verse 2]
A thick ice has formed
In the dream I shortly went into
My agonizing phantom pain is still the same
Have I lost myself[Pre-Chorus]
Or have I gained you
I suddenly run to the lake
There's my face in it
Please don't say anything[Chorus]
Reach my hand out to cover the mouth

But in the end, spring will come someday
The ice will melt and flow away
Tell me if my voice isn't real[Chorus]
If I shouldn't have thrown myself away
Tell me if even this pain isn't real
What I was supposed to do back then
