The Truth

The Bamboos

Can't believe how you set me free
The way you purify this soul don't you know
Got you into my arms now I'm never letting go
This old dog is finally home... finally home... GO!Tell me what you want
I'll pay the price
What's money I'll roll the dice
Lose it all I take the fall
I'll let it ride
As long as I have you at my sideFriend or foe you come to me
Wasn't sure how deep a hole I was getting into
Yet I choose to wake up every mornin with a smile on my face
Or see life for what it is one big fat race... GO!Tell me what you want
I'll pay the price
What's money I'll roll the dice
Lose it all I take the fall
I'll let it ride
As long as I have you at my sideI've played the foolThinking I can catch you off guard
And score another night with you
But the tables have been turned
This boy's about to get burned
But before I go I gotta know - gotta knowLet's not forget
You kept me waiting
What can I do to get through to you
Tired of singin to myself
I need a lesson
I need a blessing
The shoe fits all we need is a little glue
I hate what you doTell me what you want
Tell me what you want
Tell me what you want
Tell me what you want
