One More Chance

Diana Ross

Feel like a fool
Not realizing all the value you had
I took a happy ending and made it sad
The day I walked away and left you alone with hardly an explanation
You stood on your own and handled the situation
And showed to me how understanding you could be
Now I'm alone
Lookin' back at all the years that we shared
Thinkin' of the pain you should have been spared
Afraid to ask forgiveness but where can I go
There's no one else to turn to, I still have my pride
But now it's time to learn to cast it aside and come to you with honesty
Give me just one more chance
Such a simple thing I'm asking for
Just one more chance
It would be a shame to close the door to
One more chance
Isn't that what we pray each night for?
One more chance
Isn't that what we're fighting for?
Why throw away a love that needs one more chance?
Now I'm afraid that after all I've said
You'll still turn me down and you'll smile and say, I'll see you around
But remember that you still have a choice
And I hope and pray you'll make it
You'll think of my heart and you won't wanna break it
And I'll prove to you the kind of lady I can be
(Give me just one more chance)
Such a simple thing I'm asking for
(Just one more chance)
It would be a shame to close the door to
(One more chance)
Isn't that what we pray each night for?
(One more chance)
Isn't that what we're fighting for?
(One more chance)
Don't you know that we belong together?
(One more chance)
Now I really need you more than ever

(One more chance)
You and I can really make it baby
(One more chance)
All you have do is say the words to
One more chance
(One more chance)
One more chance
One more, one more, one more
One more chance
One more chance
One more chance
One more chance
One more, one more, one more
One more chance
One more chance
One more chance
One more chance
One more, one more, one more, one more
One more chance
One more chance
One more chance
