Armchair

Avail

to defend or to stay out
it's not a question of who is right
debate left no impact
and still never solved the question
of who to fight
but what has talking done
when actions go unplanned
discussions changing nothing
marching with feet tied
centered on self
falling behind
when focusing on pride
pride lies it screams so loud
but it never says a thing
but one's controlling the crowd
sit and stare
listen but please don't care
