I Don't Normally Do This

Jesse Mccartney

[Tyga]W-w-we know
[Girl]
Boy, you know I like you, but... I don't normally do this
I don't normally, I-I-I don't normally
[Tyga]
W-w-w-w-we know
[Girl]
Boy, you know I like you, but... I don't normally do this
I don't normally, I-I-I don't normally
[Tyga]
W-w-w-w-we know
[Girl]
Boy, you know I like you, but... I don't normally do this
I don't normally, I-I-I don't normally
[Tyga]
W-w-w-w-we know
[Girl]
Boy, you know I like you, but... I don't normally do this
I don't normally, I-I-I don't normally do this
[Verse 1: Jesse]Sick, cool thing with wiggle made her giggle when I met her
She started off kinda hard to get, told her I'd get her
She said she likes them real, and real's what I'm gonna give her
I could tell she had a heart broke 'bout 3-4 times; girl by me, never
We at the movie, she all into me
I'm looking at her at the corner of my eyes... what's she doing?
She got up out of her seat, nowhere to be found, found
Her girlfriends looking for her, they don't know we fooling around, 'round
[Pre-hook: Jesse]She told me she ain't ever made no one that made her wanna
And she don't know what it is that has come over her
She giving me signals, like she done, she done fell in love
I don't know if that's what we're doing but I wanna tear it up
[Chorus]When we got to the car she said "I don't normally do this...
Just keep your eyes on the road while I do this"
She was giving to me what I never saw give into me
Opened my eyes, said "it's the first time", she don't normally do this
We got to the house, and we're going
Still can't believe my eyes and the things that she's doing
Cut off every light like we still at the movie
Girl, you feel so good, I thought you don't normally do this

[Girl]
Boy, you know I like you but... I don't normally do this
I don't normally, I-I-I don't normally
[Tyga]
W-w-w-w-we know
[Girl]
Boy, you know I like you but... I don't normally do this
I don't normally, I-I-I don't normally
[Tyga]
W-w-w-w-we know
[Verse 2: Jesse]Now we're getting deeper, now you wanna own me
Telling me I gotta only be your one and only
Can't lie, you got everything that I ever wanted
Shape on fire like a younger Beyonc
