

# Trip Around the World

Alexz Johnson

Let's take a Trip Around The World today  
In the back seat rolling down shady lane  
Let's take a Trip Around The World today The money, the money is getting in the way  
Anyway you look at it it's looking at your face  
Standing in line on a windy day  
You're pushing it along  
It's pushing you away  
I won't regret anything I say  
Why do people care what I think anyway  
We could forget about the trouble and the pain  
And leave it in the water let it water down the drain Let's take a Trip Around The World today  
In the back seat rolling down shady lane  
Let's take a Trip Around The World today  
I like it, I like it that way  
I don't mind if you don't mind  
But we can see what the hell we will find  
Let's take a Trip Around The World today  
I like it, I like it that way You love it, I love it, I love it when you're free  
Anyway you look at it it's how it's meant to be  
Nine to five is becoming a disease  
Not even a second left to bandage up your knee  
Make the rules to your own game  
Sip your champagne and tell 'em where to get some  
At the end of the day enjoy the taste  
We're on a big balloon floating in space Let's take a Trip Around The World today  
In the back seat rolling down shady lane  
Let's take a Trip Around The World today  
I like it, I like it that way  
I don't mind if you don't mind  
But we can see what the hell we will find  
Let's take a Trip Around The World today  
I like it, I like it that way Let's take a Trip Around The World today  
I like it, I like it that way Listen, listen it could be an addiction  
Missing every moment like a physical condition  
It brings you down and isn't it profound  
Stop and take a second look around this town  
Things are changing all the time  
Keep it in mind when you're feeling kicked down  
The doubt, the trouble and the drought

You take it in before it takes you outLet's take a Trip Around The World today

In the back seat rolling down shady lane

Let's take a Trip Around The World today

I like it, I like it that way

I don't mind if you don't mind

But we can see what the hell we will find

Let's take a Trip Around The World today

I like it, I like it that wayLet's take a Trip Around The World today

In the back seat rolling down shady lane

Let's take a Trip Around The World today

I like it, I like it that way

I don't mind if you don't mind

But we can see what the hell we will find

Let's take a Trip Around The World today

I like it, I like it that wayI like it, I like it that way
