

# Mercy At Midnight

## Inspirations

The sun that shone this morning  
is fading fast away.  
As daily problems test your faith  
& steal the light of day.  
But when worry turns into despair,  
& shadows claim your mind,  
itâ€™s there within the darkness  
that youâ€™ll find

Mercy at midnight.  
New grace by the moonlight.  
In your darkest hour,  
God will send a fresh touch of His power.  
Every morning, His mercies are new.  
At the midnight a new day breaks through.  
So if youâ€™re out of hope,  
just hold on tight,  
youâ€™ll find mercy at midnight.

It seems that things look better  
when the sun is shining bright,  
though we tend to see  
only misery in the hours of the night.  
Oh but morning starts at midnight,  
thatâ€™s when youâ€™ll find Godâ€™s light of grace.  
Your darkest hour is just the dawn of a brand new day.

Mercy at midnight.  
New grace by the moonlight.  
In your darkest hour,  
God will send a fresh touch of His power.  
Every morning, His mercies are new.  
At the midnight a new day breaks through.  
So if youâ€™re out of hope,  
just hold on tight,  
youâ€™ll find mercy at midnight.
