Dopesick

Nochaa

Enter in this black cloud
Keeps looking over his shoulder
No method to his madness
Heavy is the world as he crashes downHands down
This haunts you
So dopesickI'll remain
Hands down
This haunts you
So dopesickMore than he could bear now
Some thought that he would come around
Screaming for his blank space
Could not wipe this from his faceHands down
This haunts you
So dopesickI'll remain
Hands down
This haunts you
So dopesickCould never tell by the whites of their eyesHands down
This haunts you
So dopesickI'll remain
Hands down
This haunts you
So dopesick
I'll remain
