# Harebrained Scheme

## Freezepop

i've got a friend and she's a beauty
i've got a friend and he's a cutie
they should be friends, if you know what i mean
it's all a part of my harebrained schemethis girl i know is really sweet
the kind of girl he'd like to meet
i bet she's free on friday night
a pair of arms to hold her tighti'm not nosy, i'm just concerned
people are hurting, they've all been burned
being alone is no way to be
don't worry at all, just leave it to mei've got a friend and she's a beauty
i've got a friend and he's a cutie
they should be friends, if you know what i mean
it's all a part of my harebrained schemei've got a friend and he's a smoothie
i've got a friend and she's real groovy
they should be friends, if you know what i mean
it's all a part of my harebrained schemethis boy i know is really swell
the kind of boy who'd treat her well
i hope he's free on friday night
i'm sure it would turn out alrighti'm not nosy, i'm just concerned
people are hurting, they've all been burned
being alone is no way to be
don't worry at all, just leave it to mei've got a friend and she's a beauty
i've got a friend and he's a cutie
they should be friends, if you know what i mean
it's all a part of my harebrained scheme
i've got a friend and he's a smoothie
i've got a friend and she's real groovy
they should be friends, if you know what i mean
it's all a part of my harebrained scheme
