

When It's Over (David Kahne Version)

Sugar Ray

When it's over
That's the time I fall in love again
And when it's over
That's the time you're in my heart again
And when you go go go go
I know, it never ends, never ends All the things that I used to say
All the words that got in the way
All the things that I used to know
Have gone out the window
All the things that she used to bring
All the songs she used to sing
All the favorite TV shows
Have gone out the window I'm missing you
I never knew how much she'd loved me
I'm missing you
I never knew how much you meant to me
I need you and when you go go go go
I know, it never ends, never ends All the things that I used to say
All the words that got in the way
All the things that I used to know
Have gone out the window
All the things that she used to bring
All the songs she used to sing
All the favorite TV shows
Have gone out the window I'm missing you
You never say your
I'm missing you
You feel the say in just back to me
I need you and when you go go go go
I know, it never ends, never ends When it's over
Can I still come over
When it's over
Is it really over When it's over
That's the time I fall in love again All the things that I used to say
All the words that got in the way
All the things that I used to know
Have gone out the window
All the things that she used to bring
All the songs she used to sing

All the favorite TV shows
Have gone out the windowAll the things that I used to say
All the words that got in the way
All the things that I used to know
Have gone out the window
All the things that she used to bring
All the songs she used to sing
All the favorite TV shows
Have gone out the windowAll the things that I used to say
All the words that got in the way
All the things that I used to know
Have gone out the window
All the things that she used to bring
All the songs she used to sing... and fading
