

# It's On Again (feat. Kendrick Lamar)

## Alicia Keys

[Kendrick Lamar]

And everybody know the story of David and Goliath  
But this is bigger than triumph  
This is for the warrior, this is for you and I  
This is for euphoria, give me a piece of mind  
God is recording this! Won't you look in the sky?  
Tell him you got the behavior of your neighbor  
Even when stability's never in your favor  
Fly with the turbulence, only last a minute  
Land on your dreams, and recognize you live it  
Walk through the valley of peace, with bare feet  
Run through the flames, that's more passion for me  
I passed testimony, just so the world can see  
Got them battle wounds on me, no watch me lick em clean  
I know, I know, my pride, my goals, my highs  
My lows, I know I know, it's mind control  
I know I could prosper, no impostor  
Prosecute my posture  
I stand up and I stand by it what[Alicia Keys]  
I am a freedom fighter, the name that history wrote  
And even through disaster, eye of the tiger for hope  
I'm trying to find my way back, there's no day off for heroes  
And even when I'm tired, go is the only word I know  
And the night is takin' over  
And the moonlight gets exposure  
And the players have been chosen  
And it seems like fate has spoken  
When it seems your faith has broken  
By the second, losin' focus  
Ain't no way to get up, get out, get up, get out  
Unless you  
I bet they wonder how I go on I'll simply say it's on again, it's on again  
The world don't stop, it's on again I am a lonely hero, trying to fight my battles  
Life likes to blow the cold wind, sometimes it freezes my shadow  
In the midst of all this darkness, I sacrifice my ego  
There ain't no room for selfish, we do it for the people  
And the night is takin' over  
And the moonlight gets exposure  
And the players have been chosen  
And it seems like fate has spoken  
When it seems your faith has broken

By the second, losin' focus  
Ain't no way to get up, get out, get up, get out  
Unless you  
I bet they wonder how I go on, go on I'll simply say its on again, its on again  
The world don't stop, it's on again The work don't stop, 'cause they don't stop  
And everybody here trying to get on top  
Everybody from the burbs down to the block  
Gotta hold on tight and don't let go, let go  
Huh  
So you think you hot?  
Gotta grind hard, give it all you got  
You can have, or you can have not  
You see that a lot in the ghetto (ghetto)  
How I go on  
I bet they'll wonder how I go on  
I bet they'll wonder how I go on I'll simply say its on again, its on again  
The world don't stop, it's on again
