

# Denim and Leather (2009 Remaster)

## Saxon

Where were you in '79 when the dam began to burst  
Did you check us out down at the local show  
Were you wearing denim, wearing leather  
Did you run down to the front  
Did you queue for your ticket through the ice and snow  
Denim and Leather  
Brought us all together  
It was you that set the spirit free  
Denim and Leather  
Brought us all together  
It was you that set the spirit free  
Did you read the music paper from the back and to the front  
Did you find out where to see your favorite band  
Did you listen to the radio every Friday night  
Did hang around your local record store  
Denim and Leather  
Brought us all together  
It was you that set the spirit free  
Denim and Leather  
Brought us all together  
It was you that set the spirit free  
Do you dream of playing guitar or smashing up the drums  
Maybe you can learn to play the bass  
You can always be a singer like me and front the band  
When on the stage we wait at your command  
Denim and Leather  
Brought us all together  
It was you that set the spirit free  
Denim and Leather  
Brought us all together  
It was you that set the spirit free  
It was you - that set the spirit free  
It was you - that put us here today  
It was you - that filled the concert halls  
It was you - that set the spirit free  
Denim and Leather  
Brought us all together  
It was you that set the spirit free  
Denim and Leather

Brought us all together  
It was you that set the spirit free  
(Repeat to end)
