

# Soul Crusher

## White Zombie

Leatherneck'n down the street like "Hey I'm joyrid'n" like a bad dog  
Come on "Burn in!" X 2 demon got my soul and I said "Drive!" come on  
Speed kills, but I'm alive yeah!  
In my Durango 95 yeah!  
Casino on the edge she move like a twister gravity crank  
Solo my sista, come on  
She said "Take me away" away away shout!  
I'm deadly on the eyes an astro-spyder, baby  
A powertripp'n, no - no - no - maybe, come on  
Angel trumpets again yeah!  
Motherfucker scream "Horrorshow"  
Time a diamond ass right on my line come on  
She said "Take me away" away away yeah!  
Burning like fat in the fire the smell of red  
Red groovie screamed mega-flow  
A stalking ground without prey  
A flash of superstition whimpering like a crippled animal  
Dogs of the soul-crusher  
Pulling closer like the blue steel jaws of hell  
Digg'n in my heart I find a human generator  
Duke of N.Y. see yeah! Eliminator all you need is love  
Yeah! like a cool and crazy freak machine She twanged off and out like I never seen  
I gonna take her down, down, down watch out! Shack'n out in my skin  
Flesh 'n' waves they begin  
I going out like a holiday (shout it!) Then my mind generate a weepy young "D" to terminate  
Takin' a trip I said, "Straight to hell" (shout it!)  
Real country dark the street  
Hog the road, swamp the beat  
She gonna know just what I mean, yeah! Trip back on the serpent move z-man slowly bang the groove  
Takin' a trip, "A real kick" to hell (shout it!)  
Think'n that when she die, spirit go up to the sky  
Devil come a stepp'n, brainiac a look'n below  
Yeah! (shout it!)
