

Stand Out

Bratz

You're the one and only, you express it anyway you want
Style the way you feel inside and rock this world
Daring to be different 'cause you don't wanna be the same
You're totally unique and independent girl Show yourself as you really are
(You stand out) You gotta stand out, be proud, time for you to shine
You're special, beautiful, you're one of a kind
You just stand out from the crowd, everybody knows
Individual, original and it really shows 'cause you stand out
Oh, ooh, yeah Funky fashion, get reaction, you know how to be yourself
Own it 'cause you know it when it's feeling right
Confident inside your heart, you know exactly who you are
Go ahead and do your thing, the way you like Show yourself you know you're a star
(You stand out) You gotta stand out, be proud, time for you to shine
You're special, beautiful, you're one of a kind
You stand out from the crowd, everybody knows
Individual, original and it really shows There can never be another you, you're like nobody else
A style that's all your very own
Be happy with yourself
'Cause you stand out, be proud Stress the part of how you feel
Be the one you know is real
'Cause you're perfect just the way you are
Stand out, stand out
(Stand out)
Don't you know you really gotta Stand out, be proud, time for you to shine
You're special, beautiful, you're one of a kind
You stand out from the crowd, everybody knows
Individual, original and it really shows There can never be another, your like nobody else
(Can never be, oh, oh)
Style that's all your very own, be happy with yourself Stand out, be proud
Stand out from the crowd
Stand out, be proud
Stand out from the crowd
(Stand out, be proud) Stand out, be proud
Stand out from the crowd
Stand out, be proud
Stand out from the crowd
(Stand out)
