Underworld

Duologue

One of yours, it's one of mine,
I think about you all of the time,
One of yours...
Back and forth, go back and forth,
Go back and forth all of your life,
Back and forth, go back and forth
You think you really want it, you know that you don't,
You think you really want it but you know that you don't,
You think you really want it, you know that you don't.
You know that you don't 'cos it's
One of yours, it's one of mine,
I think about you all of the time,
One of yours...
I think about you all of the time

Building dreams, we're building dreams,
Just keep dancing 'til the music stops,
Building dreams, we're building dreams
You think you really want it, you know that you don't,
You think you really want it but you know that you don't,
You think you really want it, you know that you don't,
You know that you don't
You say you will be sorry, I know that I won't,
You say you will be sorry but I know that I won't,
You say you will be sorry, I know that I won't,
I'm coming down, coming down,
Gonna fetch you from the underworld,
I'll bring you back, I'll bring you back
Nobody ever comes close,
Nobody ever comes close,
Nobody ever comes close,
Nobody ever comes close.
(Think about you all x4)
You think you really want it, you know that you dont
I think about you all of the time
(Think about you all x2) All of the time
You say you will be sorry (I know that I wont)
I think about you all...of the time
I think about you all of the time

I'm coming down, coming down,
Gonna fetch you from the underworld,
I'll bring you back, I'll bring you back.
