On The Wall

Brisco

[Chorus - Lil Wayne] X2
She want to get it so she do me all up on the wall
She want to get it so she do me all up on the wall
I want to get it so I do her all up the wall
I want to get it so I do her all up the wall
[Verse 1 - Brisco]Yeah, I be that nigga Brisco
When I come through they know I'm known to ball
She sipping Nuvo while I'm puffing, got them on the wall
Got the spliff, high stick
Hands on the handle bars
Hop in, let the top back now I'm in my lane, bowling ball
Ha, I might be going about a hundred miles
Sipping on that Henny in that 'Ghini I be going hard
She like "don't leave me Papa"
I'm not a G but I be here you ever need me, need me
[Chorus][Verse 2 - Brisco]I do her all up on the wall
Shawty done forgot her draws
Check the bathroom and bye, bye I'ma beat her in the stall
Everybody on the wall
And we on that alcohol

Shit can happen, clap clapping, round of applause
Ha, I might be going about a hundred miles
Sipping on that Henny in that 'Ghini I be going hard
She like "don't leave me Papa"
I'm not a G but I be here you ever need, me need me
[Chorus][Verse 3 - Brisco]I'm under her arrest, my hands completely cuffed
She always in control
I know she like it rough
Never let her fuss
Never try to call her phone
Just hit her with a text, to let her know it's on
Throw her all up on the wall
Now I'm all up on her fanny
She probably South Beach
Fontainebleau Miami
I know she want to get it
And I'm so quick to get it
I always pull her hair

And ask her how it feel
Brisco
[Chorus]
