Find My Way

Colton Venner

Verse 1
I've been hiding out and lying to your face
I've been living like a dog out on the run
I've been selfish and what I've settled on
is that it changed the very man that I've becomeChorus
I've been tryin to find my way
I've been tryin to find my way
though i dont have a clue where i will stop or where ill stay
I've been tryin to find my wayVerse 2
I've been hoping that something might go wrong
so i can find a place to put up all this blame
its been easy and what I've come to find
Is that the problem rest within my very name
[Chorus]Ohhhhhh
OhhhhhhBridge(4X)
I feel the weight of wonderin
it finally took its toll
and what i know I'm needin
is rest for my weary soul4 times
(I've been)
tryin to find my way
(I've been)
tryin to find my way
(though I)
dont have a clue where i will stop or where ill stay
(I've been)
tryin to find my way
(I've been)
tryin to find my way
