

# This Old Man

Pete Seeger

This old man, he played one,  
He cut back in Washington,  
With a knick Knack paddy whack,  
Give the dog a bone,  
This old man should go back home. This old man, he played two,  
He is doing it to me and you This old man, he played three,  
No more kids' school lunches free This old man, he played four,  
Now we're in El Salvador This old man, he played five,  
ERA did not survive This old man, he played six,  
He was better in the flicks This old man, he played seven,  
Now big business is in heaven This old man, he played eight,  
He helped Nancy decorate This old man, he played nine,  
B-1 bombers all in line This old man, he played ten,  
Let's go back and vote again
