Senses Fail

I feel the city breathe at night
Beneath the stars and meteor lights
And I've got nothing to loseDrink up, drink up
Drink up the loneliness
Drink up, drink up
Drink up the lonelinessThe streets outside, they burn with light
But I am dead on the inside
I think these pills are to blameDrink up, drink up
Drink up the loneliness
Drink up, drink up
Drink up the lonelinessAnd I got romantic ideas
But they're not meant for you
And my bed's filled with black roses
To show that our love is throughI hope the fire licks my lips
And pulls me close against the wrist
This town will go down in flamesDrink up, drink up
Drink up the loneliness
Drink up, drink up
Drink up the lonelinessAnd I've got romantic ideas
But they're not meant for you
And my best feeling, black roses
To show that our love is throughLike a broken mirror, they're pieces of me
Like a broken mirror, they're pieces of me
They're pieces of me
They're pieces of me nowDrink up, drink up
Drink up the loneliness
Drink up, drink up
Drink up the my lonely
Drink up the my lonelyDrink up
Drink up the loneliness
