Everything

Shola Ama

Everything all that exists all that counts you are everything to meYou are everything I want and need
And I don't mind wasting time as long as it's with you
You're my everything my joy you bring
And I don't want to loose you no no noBaby don't you let go
Baby love you know you got my heart
And ever since I let you in it's taken captive over me
Darlin' I can't express myself
Enough for you to understand just what you mean to me
You're the air that I breathe the song that I sing
Heaven sent when you came to me
And no matter what the weather
You can depend on me
Cause the love I have is deep within your everything to meYou are everything I want and need
And I don't mind wasting time as long as it's with you
You're my everything my joy you bring
And I don't want to loose you no no noYou are everything I want and need
And I don't mind wasting time as long as it's with you
You're my everything my joy you bring
And I don't want to loose you no no noOh oh
Oh oh everything to me
Missing you whenever you're not here
In the quiet times lonliness and wishing you were here
See I believe that we were meant to be
Cause the essence of your presence
Makes me have no fearYou're the air that I breath
The song that I sing
Heaven sent when you came to me
And no matter what the weather you can depend on me
Cause the love I have is deep within you're everything to meYou are everything I want and need
And I don't mind wasting time as long as it's with you
You're my everything my joy you bring
And I don't want to loose you no no noYou are everything I want and need
And I don't mind wasting time as long as it's with you
You're my everything my joy you bring
And I don't want to loose you no no no
You are everything I want and need
And I don't mind wasting time as long as it's with you
You're my everything my joy you bring
And I don't want to loose you no no no
