

# Depth Charge Ethel

## Grinderman

Come on, JimI entered the room and the canned laughter  
Ethel was angled across some dude's knee  
I offered to clothe her, to feed and to bath her  
If she'd just give me a little exclusivityYeah, Depth Charge Ethel is something special  
Yeah, Depth Charge Ethel is special to me, yeahEthel is a woman that a river runs through  
She is famous throughout the land  
People come and bathe in her, yeah, you know, I do  
But lately its been getting right out of handYeah, Depth Charge Ethel is something special  
Yeah, Depth Charge Ethel is something special to meTo kiss Ethel is like drinking the stars  
To not kiss her can make you come unglued  
So if you want a piece of her you better get in there fast  
Right now there is a ticket box and a queueDepth Charge Ethel is something special  
Depth Charge Ethel is something special to meDepth Charge Ethel thinks we should all just take a chance  
We should all love one another, it could be special  
In the back of a taxicab with ants in my pants  
But I can't sit still, I know there gonna send me  
I know there gonna send meDepth Charge Ethel, oh, she's something special  
Yeah, Depth Charge Ethel is something special  
Yeah, Depth Charge Ethel is heavy metal  
Yeah, yeah, heavy metal  
Yeah, yeah, Depth Charge Ethel is something special to me
