Shadows

Xander and the Peace Pirates

SHADOWS

Been watching shadows
On my days
The light that cast them home
Is here to stay

This darkness we see
Comes out of your light
Weâ€™re sitting in the middle
Of wrong and right

Shine shadow shine
Cast your shadows through time
We are the shadows
Casting out light lines
And Iâ€™m gone
And Iâ€™m gone

This darkness we see
Is born of duality
Rise from your shadow
Into reality

This darkness we see
Comes out of our light
Weâ€™re sitting in the middle
Of wrong and right

Shine shadow shine
Cast your shadows through time
We are the shadows
Casting out light lines
And Iâ€™m gone (X4)

Only solution to this whole pollution

Will be a spiritual revolution (X4)

Oh oh oh
Yes Iâ€™m gone
Ouuuh when Iâ€™m gone yeah
And Iâ€™m gone
