

# Stroker Ace

## Lovage

Monsieur Dan, can I come with you  
As you both look awfully kind  
Sadly he and me are through

Let me tell you what I've got in mindI'll sing to you my mewing charm  
Looks like you both could use a pet  
And purr my purr all night long

I think a pussy's your best betStroke that shiny coat  
Stroking is the antidote  
Stroke that, it's a start

Only for the wild at heartStroke that shiny coat  
Stroking is the antidote  
Stroke that shiny coat

Stroking's what it's all aboutMy tail alone could tell you tales  
It's got a life all of its own  
Watch it move just like a sail

Sail you to the twilight zoneI love to lap a spot of cream  
And I assure you that I'm neat  
But you never know what you can expect

When the pussy is in heatStroke that shiny coat  
Stroking is the antidote  
Stroke that, it's a start

Only for the wild at heartStroke that shiny coat  
Stroking is the antidote  
Stroke that shiny coat

Stroking's what it's all aboutI like to watch, if you don't mind  
Every sphinx knows how to pass the time  
Your little love nest suits me well

Let me show you how to cast a spellStroke that shiny coat  
Stroking is the antidote  
Stroke that it's a start

Only for the wild at heartStroke that shiny coat  
Stroking is the antidote  
Stroke that shiny coat  
Stroking's what it's all about
