

We Just Wanna Party

Kodie

chorus x2

hey get up out your sofa
'cause we just wanna party
no we don't want no trouble
'cause we just wanna party
so get up out your sofa
'cause we just wanna party
no we don't want no trouble

'cause we just wanna party[verse one]
mashin' up the whole place
everywhere we locate
turn up, yeah we gonna rage
and Steve Aoki throw cakes
it's on now, beast mode
empty out and reload
put 'em up and we toast

then we go'cause we just wanna party, party, party
'cause we just wanna party, party, party
'cause we just wanna party, party, party
'cause we just wanna party, party, party
'cause we just wanna partyhey get up out your sofa

'cause we just wanna party
no we don't want no trouble
'cause we just wanna party
so get up out your sofa
'cause we just wanna party
no we don't want no trouble

'cause we just wanna party[verse two]
turn up we're in play mode
we run it like Usain Bolt
girl get up on the table
get wild like a tornado
it's on now, beast mode
empty out and reload
put 'em up and we toast

then we go'cause we just wanna party, party, party
'cause we just wanna party, party, party
'cause we just wanna party, party, party
'cause we just wanna party, party, party

'cause we just wanna party
