Part Time Lover

Magnificent Ruffians

Say what you want, I'll believe it
No, you don't really have to mean it
I never had a chance, always was a sucker for a part time lover's romanceTake time if you need it
Rewind and repeat it
Well tears fall, better believe it
Every day feels like forever
Take time if you need it
Rewind and repeat it
Well tears fall, better believe it
Every day feels like foreverSay what you want, I'll believe it
No, you don't really have to mean it
I never had a chance, always was a sucker for a part time lover's romanceYeah, take what you want, I don't need it
I'll play the giver if you'll receive it
I never had a chance, always was a sucker for a part time lover's romanceEvery day is bitter sweet sweet bitter
I've got the time if you've got time to remember
But it's clear that you don't
If you did, then you'd show it
If you feel it, you might know itEvery day is bitter sweet sweet bitter
Disappoint me, yeah you sure do deliver
You always seem just like an orphan on Christmas
I'll take what I can get, but it's not on my wish list(wasn't ever on my wish list)Take time if you need it
Rewind and repeat it
Well tears fall, better believe it
Every day feels like forever
Take time if you need it
Rewind and repeat it
Well tears fall, better believe it
Every day feels like forever
Every day feels like foreverTake time if you need it
Rewind and repeat it
Take time if you need it
