Spinnin

James Apollo

spinning, spinning, spinning
a spinning ghost
on the bottom of a top
dizzyin my hosthaunted, haunted, haunted
haunted anew
all the time i'm living
without youwon't you do me right
wont you do me right and join me on the floor
won't you do me right
wont you do me right, break the key off in the doorSpinnin, spinnin, spinnin
spinnin again
I thought I learned it once or twice
it didnt sink inc'mon, c'mon, c'mon
whats another round
theres a lotta lost souls out there
you're the only one i've found
